

Bentley Continental GT V8 S

brake callipers. Subtle 'V8 S' badges are applied to each front wing, and as with the other members of the Continental V8 family, the famous Bentley Wings emblems feature a red centre.

Of course, I can't write about this particular Bentley without mentioning the lush cabin that surrounds you when you're biting through the bitumen. The interior has soft-touch leathers, wood veneers, polished metals and deep-pile carpeting. Discreet 'V8 S' badges are also displayed on each sill tread plate.

Can you see why a week behind the wheel of this car is now etched into my memory forever?

Price: £146,000
